Barrow Back From Coast.

President Edward G. Barrow of the

Loses by Same Score as Did Yamada, 500 to 43-Latter Victor Over Mayer.

JAP ENDS BY RUN OF 111

William F. Hoppe, champion at all balkline games, gave another exhibition of top class billiards last night in the concert hall of the New York Theatre ble. Transportation facilities could not and defeated George F. Slosson, a former champion, in the 18:2 balkline handicap tournament. The score, 500 door. Before the middle of next week to 43, was exactly the same as that by which he defeated Koji Yamada, the Japanese, on the opening night. The veteran Slosson's total did not look very fat, even with the added 125 points fat, even with the added 125 points fat, even with the handicappers gave him to start with, for that brought it up to only the location of the new park between the special constantly guessing what will be right at our front door. Before the middle of next week to door. Before the middle of next week week to door. Before the middle of next week to door. Before the middle of next week week to door. Before the middle of next week to the four that won him the title last year and the fine stock. This investment has been the form \$10 to several hundred fans are said to have subtucted fans are said to handicap tournament. The score, 500 start with, for that brought it up to only

Sloeson's total was equinated against George Sutton in his match on Tuesday, while lioppe, eho did not play quite as well as on the opening night, made in his best turn at the table last night only a few more at the table last night only a few more date that within the last few weeks agents of gather his five centuries in the sixteen innings for an average of 314-16, with his best runs an \$7\$, which finished the match, another of like length in the take, another of like length in the wards, at one time held an option of twelfth inning and one of \$5\$ in the each of the match, another of like length in the works, at one time held an option on this property. They gave up the idea of completely and the property of the property. They gave up the idea of completely and the property of the property. They gave up the idea of only once, when he made 14 in the seventh inning.

211-15 and he got into double figures only once, when he made 14 in the seventh inning.

The veteran was in wretched form and missed shot upon shot, which the veriest of the property is a second of the property is a second of the property of the property is a second of the property of Slosson's total was equal only to his It was learned yesterday afternoon on high run made against George Sutton apparently good authority that the Fedin his match on Tuesday, while Hoppe, eral League has selected the site near

The time of the played strokes the slightest bit carelessly and missed by a hair's breadth.

"I understand," the informant concluded, "that this parcel of real easily and missed by a hair's breadth. In this afternoon's game Slosson will oppose Joseph Mayer and in the evening Sutton will try conclusions with Welker Cochran, the youngest player in the tourney. The score by innings:

Hoppe, 500—59, 0, 1, 2, 48, 0, 4, 6, 1, 1, 1, 0, 1, 2, 1, 4, 0, 1, 1, 1, 0, 1, 2, 1, 4, 0, 2, 1. Total, 43. Average, 31 1-18. High runs, 87, 87 and 68. Slosson, 375—9, 6, 7, 0, 4, 0, 11, 1, 0, 1, 2, 1, 4, 0, 2, 1. Total, 43. Average, 31 1-18. High runs, 17, 7 and 6. Refered—George Moore.

Until late in the game the afternoon session in which Kofi Yamada of Japan informed and complete of the part next best inning, when he gathered 33. Mayer averaged 118-25, with high runs of 51, 44 and 33.

Yamada was not anywhere near his regular form in the early stages of the game and the match went to the seventeenth inning before he could make a string of more than 20. As against this for the first nine innings Mayer was moving along smoothly and for that period averaged an even 17. This gave him a comfortable lead, which he maintained until the Jap made his big run. This run was replete with all kinds creek, which bounds the north of the

We have sold the \$1,000,000 worth of Cars because "We Guarantee the Service"

was a fast game, with Newtown with Newtown. He put up his usual

In our first announcement we spoke of our Million Dollar Belief. We told you how we had obligated ourselves to buy over a million dollars' worth of New Mitchell cars because our judgment and the judgment of our experts made us believe that THIS YEAR IT'S THE NEW MITCHELL---this year there is no other car to COMPARE with the New Mitchell---that it is the car you would want and DEMAND above all others irrespective of price once you TRIED it and saw for yourself that it is the motorist's car ideal come true.

Since then we have sold the \$1,000,000 worth of cars: as many as we expected to sell from June 1, 1915, to June 1st, 1916. In order to meet the demand, we have made a new contract with the Mitchell factory. We have contracted to take and the factory has contracted to deliver a million and a quarter dollars' worth MORE of cars -SO YOU CAN GET YOUR NEW MITCHELL WHEN YOU WANT IT.

The most experienced, most sophisticated car-buying public in the world has come to see the New Mitchell and to test it out. We believed in it \$1,000,000 worth during twelve months. THEY hundreds of them believed in it \$1,000,000 worth in FIVE months, and the only reason that these figures are not larger was because we COULDN'T get the cars. NOW we CAN-we BOUGHT them. The most experienced car buyers and car users in the world have confirmed our Million Dollar Belief with their own and their money. After TRYING the New Mitchell THEY have stamped it with a Two and One-Half Million Dollar Belief. And here is the reason why:

We have delivered over 700 new Mitchell Sixes since June 1st. Over three hundred owners are back in town after having driven their New Mitchells through long tours, over difficult roads and under hard service condi-

They found the New Mitchell to be a car ideal come true. They found not only a value but a PERFORMANCE, irrespective of price that DIDN'T EXIST before June 1st last. They found a wonderful, sweet running motor that possessed a seemingly inexhaustible flow of power, a wonderful noiseless, effortless unity of every part. A working so smooth that the car seemed to FLOW together, not to be built together. They found a seeming GROWTH of bodily units. They found that motor, gears, transmission, differential seemed to grow between the front and rear axles just as naturally as the body of a horse grows between its front and hind legs, and that there was no more sense of mechanical effort than a live, spirited horse has. They found that the New Mitchell slips by other cars on the road. ANY road. level or hilly, in a way that THEY can't explain and WE can't explain. It just slips naturally, gracefully, quietly AHEAD, taking its place like a Princess passing through a court crowd, slipping past and ahead by sheer PRECEDENCE and without effort.

They found that the New Mitchell rides in . NEW way. It isn't like riding in the cars we grew up to and with. It's like riding in a big, exquisite yacht, lifting almost impercepti-bly to the soft billows when other cars are bumping painfully on the bad roads. You don't BUMP in the New Mitchell, you SWELL a little as over the crest of a soft sea roller

when you strike the bad road spots. We can't compare it to any other car because it is something NEW in motoring.

As a direct result of the riding experience, the TOURING experience of our owners, we sold \$100,000 worth of cars LAST WEEK to friends these New Mitchell owners had sent in to us-this is at the rate of \$5,000,000 worth of cars a year.

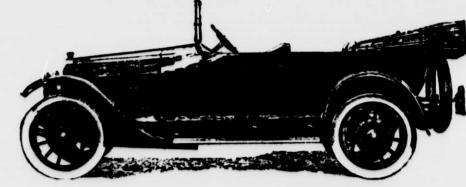

Over two hundred of my old customers have insisted on seeing me personally after riding in the New Mitchell. They have all said in effect the same thing:

"Page, this car is TOO GOOD TO BE TRUE. Now, will it STAY this way?" And I have always replied, "WE GUAR-ANTEE the service.

They bought the cars. They have confirmed our judgment. They are writing us letters every day, quite unsolicited, telling us details of New Mitchell performances more surprising than anything we have ever ventured to promise for these cars. They take the trouble to come in and see us-frequently-to tell us in person just how much we have done for them in the way of a new sparkle in life. Old as we are in the motor car business this is a new and unheard of experience to us.

We want you to see the wonderful New Mitchell—the car that can't be judged by other car standards because it set a NEW standard that didn't EXIST before June 1st. We Want you to SEE it and ride in it to SEE what it will do and FEEL how it does it. You will buy vour judgment and your desire for possession of a wonderful, beautiful thing will MAKE you buy, and to give you a COMPLETE sense of security, a COMPLETE purchase of sheer. perfect, glorious motoring days, remember.
